Tool steel

Your partner full of steel power

Distribution of special steel is our business and has a long tradition with us. Our range in quality and engineering, bright, stainless and tool steel, in tubes and aluminium has grown considerably over the decades.

As one of the largest independent distributing companies of special steel in Europe, IMS group offers you the right quality and best availability as well as a strong and reliable service.

With more than 60 branches in 16 European countries, IMS group is always close by. All common sizes, dimensions and qualities are delivered directly from our large warehouses. Our experts have many years of experience and ensure the quick and reliable processing of your order.

Whether you need prefabrication, storage, material testing, special packaging or express delivery: our comprehensive services offer you the advantages and support you need.

From small quantities to full truck loads, your order is always in the best hands with us. We ensure that everything is in the right place at the right time.

Even if your order is more extensive or demanding than usual, or standard material does not fit your requirements, we take on the challenge. Thanks to our global purchasing, we have a large network and numerous sources of supply.

If you have any questions or any special requests, please feel free to get in touch with us. Whatever you need, you can rely on the steel power of IMS group.
